He Celebrated.

Last evening at his residence on Forty-fifth street Mr. Valentine Thaly celebrated his forty-second birthday. The Mozart Singing Society, of which he is a member, serenaded him, and were also entertained during the evening. Altogether the event was a pleasing one.

New Transfer Tickets.

The Wheeling Railway Company is getting out a new transfer ticket to be used at Tenth street. The old ticket now in use allows a stop-over of sixty minutes, and its use is being abused. The new tickets will be in force next week, and allow but fifteen minutes' stop, and are not good at any other point than Tenth street.

A Coming Event.

South Side musical people are looking forward to the next event on the programme of the season of the Teutonia Singing Society, the private hop to be given at the society's hall, on Jacob street, Thanksgiving night. The committee on arrangements is composed of Mrs. James Riddle, Henry C. Remke, Charles Dannenberg and Will Ritz.

Transfers Recorded.

Clerk Hook yesterday admitted to record transfers of real estate as follows:
November 16 by Kaspar Schrimpf and wife to Ernst H. Klotzer, for \$1,125, lot 12, on the northeast corner of Belmont and Lind streets.

November 1 by Jacob R. Greer and wife to H. C. Ogden, for \$5,000, lot 2 in square 24 of the Bellin addition, on Fourteenth street.

They All Like It.

Clyde Dowell, of the McClure, has received a letter from his father, at Bethesda, O., in which he says that recently a nice, fat coon was killed, and served to Republicans and Democrats alike, after it had been roasted. Coon meat sandwiches and apple cider formed the bill of fare of a blow-out after election. The Democrats said the meat "tasted like crow," and the Republicans retorted that it had a "flavor of 1840" about it.

A Lucky Escape.

Yesterday one of the men employed at the Mozart Park had a narrow escape. He was driving a cart along one of the narrow roads in the park, when the whole outfit slipped down the hill a distance of fifty or sixty feet. Horse, cart and man were mixed up, and the bystanders thought the man must have been killed. However, it was found that, though the cart had passed over his lower limbs, he was not seriously hurt at all. The horse, though cut and bruised, was also comparatively unhurt. It was a miraculous escape.

Nearly a Bad Fire.

About 7 o'clock Wednesday morning there was nearly a destructive fire in the stables of the Holiday planing mill, on Jacob street between Twenty-ninth and Thirty-first streets. After the teamsters had left the place some mischievous boys dropped lighted matches on the straw lying around. This soon blazed up, and but for the opportune reappearance of one of the drivers there would have been a bad fire. Luckily there were several buckets of water around, and the blaze was soon extinguished.

Arrests Yesterday.

Frank Farley was the name given by a man who fell on Main street, near Tenth, yesterday. He said he was a druggist from New York and was sick, and wanted to go to the hospital. Officer West checked him up as a plain drunk. Jack Jachwak, who said he was a Slav, was arrested by Lieut. Lukens yesterday, as a plain drunk. He was making a nuisance of himself in East Wheeling.

Mamie Lanning, a girl who was sent to her home at Littleton, by the county commissioners, came back yesterday and got drunk. Officer Buch locked her up. Phil Speidel, John Jones and Rocky Hildebrand, old timers, were run in last night by Chief McNicholas vags. They were begging and annoying people.

George Aucker, a drunk, was registered by Officer Daum.

The fall of the year is a trying season for elderly people. The many coolnesses, dark, dismal days act depressingly, not to say injuriously, on both old and young. Now is the time to re-energize the vital energies with Ayer's Sarsaparilla—the best of all blood medicines.

Trouble in a Glass Works at Martin's Ferry.

FURNISHED MOLDS TO RIVERSIDE

Glass Works at Wellsburg, a Non-Union Concern—The Glassworkers Ordered Them Out—The Sewer Pipe Combine an Accomplished Fact. Intelligencer's Story Confirmed. Other Industrial News of Interest.

It came to be known for the first time yesterday that the glassworkers' union on Tuesday ordered out the mold makers at the Hopkins Novelty Mold Works at Martin's Ferry, and that the men to the number of about sixteen will comply with the request or demand of the union. The cause of this action is that the Hopkins works are furnishing molds to the Riverside Glass Works, of Wellsburg, which is a non-union concern. It is said that the men will quit their jobs to-day, unless a compromise is effected, which is also said not to be probable at this time. The glassworkers intend to make a strong fight against the Riverside company, and this step is the first, so it is said, of others that will follow in the near future.

The following Associated Press dispatch was received by the Intelligencer last night:

PITTSBURG, Pa., Nov. 16.—Representatives of sixteen sewer pipe companies met at Toronto, Ohio, and formed a national association, the object of which is to promote trade and maintain a uniform scale of prices. The factories will not be consolidated. About \$4,000,000 is represented in the combine.

This fully confirms the information first published in the Intelligencer that the sewer pipe manufacturers of the upper Ohio Valley, including the following firms, would consolidate for the protection of their interests and maintaining prices at a paying basis, which has not been the case for a considerable time: Knowles, Taylor & Anderson, of East Liverpool; Calumet Fire Clay Company, Calumet, Ohio; Empire Fire Clay Company, Empire, Ohio; Great Western Fire Clay Company, Toronto, Ohio; John Francis' Sons, Toronto, Ohio; Market Sewer Pipe Company, Toronto, Ohio; P. Connor, Toronto, Ohio; McMahon, Porter & Company, New Cumberland, W. Va.; Freeport Fire Clay Company, Freeport, Ohio.

It is learned that the Elson glass works, at Martin's Ferry, now known as the West Virginia Glass Company, of which Mr. H. E. Waddell, formerly of the United States Company, is the general manager, will start to making glass on Monday, December 4. The pots are already being put in shape for the start. It is said that this establishment will be union.

Sheet mills Nos. 10 and 11 in the Etna-Standard shut down last night for ten days for repairs.
Nails are piling up rapidly at the Laughlin mill.
